

FERLINER BV TRANSPORT CONDITIONS

For all our transport orders the following conditions are applicable:

- If the contract does not immediately react – by fax or e-mail – on this transport order, the contractor confirms that the transport order will be executed according to the specification as described in this document.
- If requested a signed original or neutral Ferliner BV CMR-dispatch note and packing lists have to be send to us; Ferliner BV, Veldweg 6J 5321 JE, Hedel, The Netherlands together with the invoice.
- The CMR/AVC has to state the date of the receipt, a stamp and a clear signature with name in block letters. Otherwise, Ferliner BV cannot take your invoice into consideration.
- In case of neutral loading/unloading: If this order is to be executed neutral the contractor is obliged to use only the CMR and packing list send by Ferliner BV. These papers will be send after loading. Furthermore all loading papers are not to be shown or handed over on the offloading place. Strict neutrality is a firm part of this order. If the contractor cannot guarantee that unloading can happen conform regulation, the contractor is obliged to inform us directly. If the order is not handled accordingly, Ferliner BV will hold you responsible for eventual costs that may occur for Ferliner BV. Please note, in the event that you cannot adhere to the neutrality and unloaded weights specified by Ferliner BV on the neutral CMR, Ferliner BV will be able to impose a fine with a maximum of 100% of the freight rate.
- The invoice accompanied with CMR copy must be send to: invoice@ferliner.nl. We do not need your invoice by regular post unless otherwise requested. The invoice must be equipped with our reference number stated on the load command state. On request the original papers should be send within one business day.
- During execution of this order, the contractor is responsible to uphold all applicable legislation; among others, but not limited to an alcohol and drugs policy. The necessary exploitation license and the alcohol- and drugs policy shall be submitted on a common request. The deployed vehicle has to meet all the common standards and directives within the European Union, as well as applicable in all countries ports. The driver needs to be a holder of a license that, at least corresponds to the category of the vehicle that he drives.
- Customer protection is part of this transport order. If the contractor accepts the transport he needs to adhere to this. If the contractor does not fully adhere to this rule Ferliner BV is hereby authorized to, without notice, fully charge you the penalty of € 5000,- (five thousand euro) per case.
- Wait hours will only be taken into consideration after written agreement with Ferliner BV; at a maximum rate of € 30,- per hour. Wait hours are only taken into consideration when written on the CMR dispatch.
- The transport will be done by you under CMR/AVC conditions.
- The truck should never be left unattended loaded and in case of transport the goods need to be secured accordingly. On request a copy of the G-23 clause can be forwarded by Ferliner BV. Ferliner BV would like to point out that the contractor is obliged to have a liability insurance . Upon request a copy must be provided.
